ASR ADR Process - Periodic Report

By Email

Dear Mr Justice Cross

We write once more on behalf of DePuy under Clause 2.2 of the ADR Process ahead of the Court's review of the ADR Process to take place in Court on Tuesday, 16 November 2021. This is the 14th update on the ADR Process and the fourth report delivered following the onset of the Covid-19 pandemic. We are sending a copy of this letter by email today to all plaintiffs' solicitors and to the Chairman of the Evaluators, and we will also put a copy on the ADR website (hipadr.ie). That website is updated regularly.

Summary of ASR litigation

1,134 High Court proceedings have been served on DePuy. The cases break down as follows:

- 731 are resolved (including 39 to date in 2021, 46 in 2020, 71 in 2019, and 102 in 2018);

- 148 further cases involving revised plaintiffs are not resolved; and

We have received 277 Form Bs from 86 different solicitor firms and we have resolved 195 of those claims. 100 claims have been evaluated and 1 more evaluation will be made shortly.

DePuy has received claimants' submissions in 4 further cases since the last report to Court. In 7 claims, DePuy is currently arranging its own expert reports and/or awaiting further information from claimant's solicitors where necessary, in order to prepare its own submissions before proceeding to evaluation. DePuy is also finalising its submissions in one other claim.

DePuy has rejected 9 evaluations but all of those claims have since been resolved. Only 4 claims remain unresolved in which a claimant rejected the evaluation.

Of the 70 claims where a Form B has been submitted but has not been endorsed, 40 were resolved before endorsement and 21 were ineligible under the terms of the ADR Process. Of the 9 other claims that have not yet been endorsed, we either await further medical records, details of special damages or other information before being able to determine eligibility.

There are currently 53 endorsed claims in the ADR Process that have not yet resolved or gone to evaluation. One firm of solicitors act in 48 of those claims and have delivered submissions in three cases since the last report to Court and four in total to date in 2021.

Priority cases

We give urgent attention to any case where the claimant's solicitor marks the claim as "*expedited*" on the Form B. The Court has also said that it will hear applications for trial dates in exceptional cases.

Medical records

Where records cannot be found or where plaintiffs' solicitors are encountering other difficulties retrieving medical records, we discuss with them how the problem can be overcome. We also offer to collect medical records without expense to the claimant in cases that appear eligible for the ADR Process and where the plaintiff's solicitor gives us signed authorisation(s) addressed to the medical service provider(s). We copy collected records to claimants' solicitors.

Costs in ADR

The offer of €25,000 in respect of a claimant's legal costs on account for any case settled within the ADR Process following endorsement of Form B remains available. The offer is without prejudice to any right of a plaintiff to seek higher costs by agreement or, if necessary, on adjudication.

Staffing for ADR

Three McCann FitzGerald solicitors, supervised by a partner and supported by a team of legal executives, work on claims in the ADR Process. These solicitors, the other solicitors working on the ASR litigation in this firm and barristers retained on behalf of DePuy in the litigation are available to discuss with plaintiffs' lawyers resolution of any eligible claim.

Information to plaintiffs' representatives

As stated above, we continue to draw plaintiffs' representatives' attention to the continued operation of ADR Process notwithstanding the Covid-19 crisis, and to our client's willingness to discuss resolution of all eligible claims, through the ADR website, hipadr.ie.

Yours faithfully
